Bridge • Site • Road • Tunnel • Sign • Rail • Overhead Line

Submitting an Idea

1. Log into ideas portal

2. Click **+ ADD A NEW IDEA**

3. As you enter your idea, similar ideas are offered

4. Enter detailed description of the idea

5. Select the Civil product being used

6. Select a Category that best fits the idea

Bentley®

New ideas are not immediately visible in the portal

Product management reviews new ideas before they are visible in the portal.

What is being reviewed?

- Does this idea already exist in the software?

- Is there a duplicate of this idea already published?

- Is the description of the idea clear?

Idea Status

Already Exists	• Can be achieved with existing functionality
Future Consideration	• Not on current development roadmap • Looking for more feedback
Planning to Implement	• On current development roadmap • Likely to be implemented in release soon
Shipped	• Development is complete • Available in released software
Will not Implement	• Idea does not align with strategic initiatives • Unlikely to be implemented

Feedback is Essential
